CB36TN CB52TN CB72TN COMMERCIAL CHEF BASES

Product Features

- Maintain a temperature range of 32°- 41°F
- Heavy duty stainless steel top, front and sides
- Stainless steel floor and liner inside the cabinet
- R290 refrigerant ensures ideal operating temperatures and is environmentally friendly
- Removable heavy duty stainless steel drawers, slides and rollers
- Silent drawer slides that are easy to operate
- Foamed-in-place polyurethane high density cell insulation throughout the entire cabinet
- 4" locking casters for easy moving and cleaning
- Removable door gasket for easy cleaning
- Available with 2 or 4 drawers, each drawer can hold various configurations of 4" deep pans (pans not included)

BERG's Stainless Steel Chef Bases add versatility to your workspace by providing more room for product storage and doubling as a heavy duty equipment stand, save space, efficient and convenient.

Their cabinet tops are a one piece stainless steel top with a special "V" edge to resist spills.

The front, sides and drawers are also constructed of heavy duty stainless steel making them durable and easy to clean. These models are ETL Listed and ETL Sanitation Listed. They come with a NEMA 5-15 plug and a seven foot cord that requires a grounded circuit for safe operation.

WARRANTY

- One year parts and labor
- Five years on the compressor

Operating Conditions

- Minimum clearance of 4" required between bottom of cooking equipment heating element and the chef base top.
- Installation of a heat shield is recommended
